## About Us

Nuress Kenya Limited is a leading construction company in Kenya, specializing in road construction, water works, and sewerage systems. We are committed to delivering high-quality, durable, and sustainable infrastructure that enhances economic growth and improves livelihoods.

With a strong track record in highways, urban roads, rural roads, bridges, and drainage systems, we also provide water supply, drainage, and wastewater management solutions to support Kenya's growing infrastructure needs.

Our expertise, coupled with cutting-edge technology and a skilled workforce, ensures that we deliver efficient, cost-effective, and environmentally responsible projects.

With a team of experienced engineers, project managers, and technical specialists, we leverage the latest construction technologies and best practices to execute projects that meet international standards. Our goal is to enhance mobility, reduce travel time, and improve road safety for communities and businesses.

# OUR PROCESS

---

## Mission

At Nuress, our mission is to design, construct, and maintain world-class infrastructure that supports economic development, enhances connectivity, and promotes environmental sustainability.

We strive to deliver safe, innovative, and high-quality road, water, and sewerage solutions through cutting-edge technology, skilled expertise, and adherence to global best practices.

## Vision

Our vision is to be Kenya's most trusted and innovative construction company, setting industry benchmarks in engineering excellence, operational efficiency, and sustainability.

We aspire to transform Kenya's infrastructure by leveraging modern construction technologies, fostering partnerships, and ensuring timely, high-quality project execution.

# WHAT WE DO

## Road Construction & Infrastructure Development

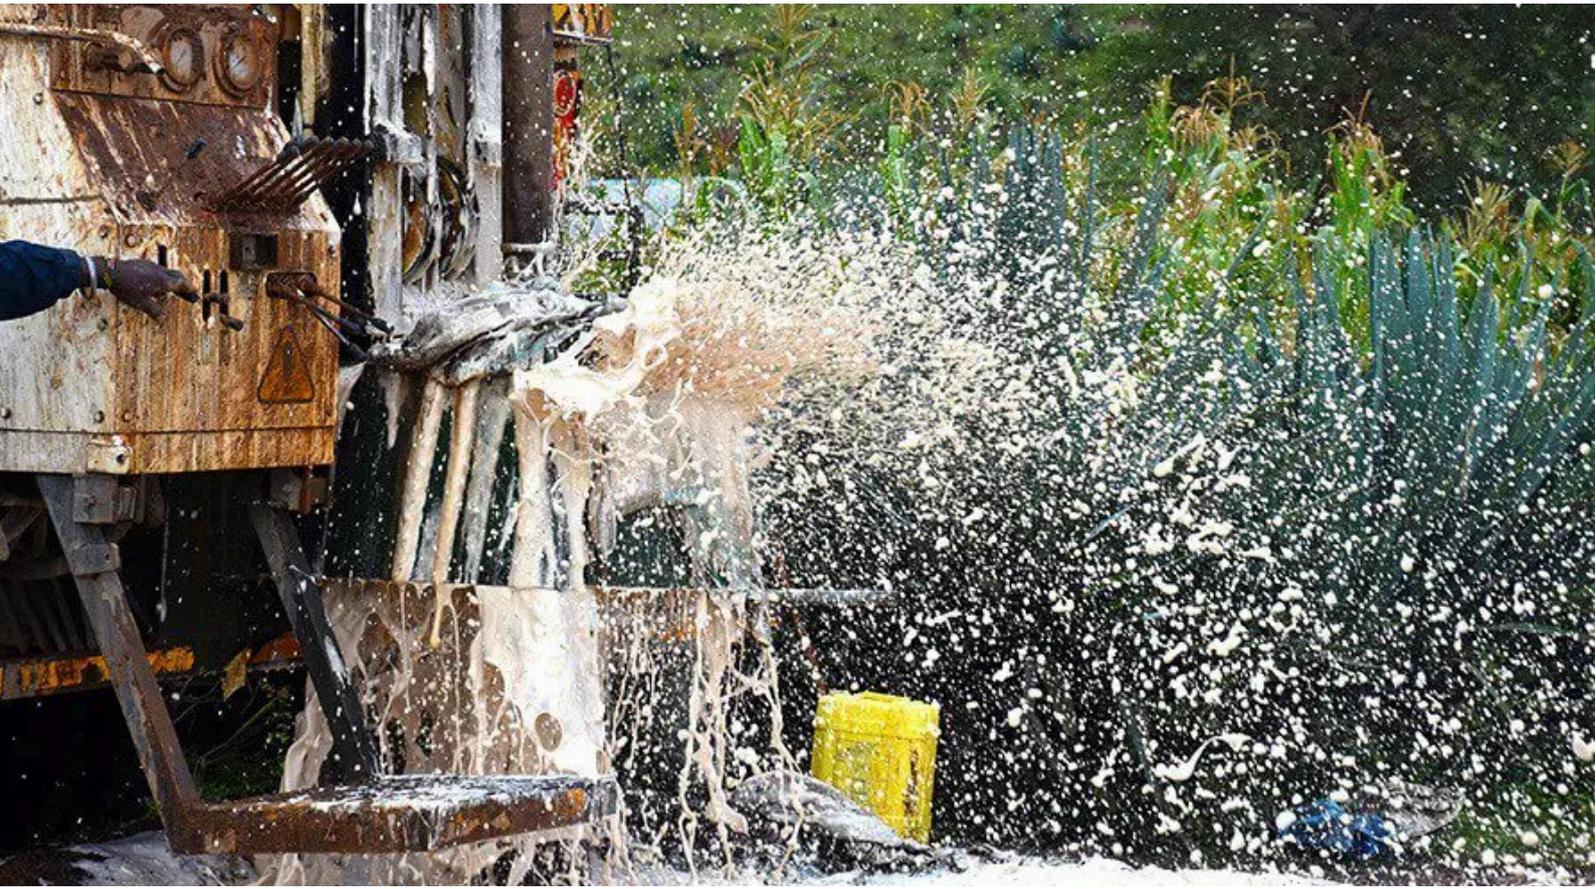

- Highway & Expressway Construction – Design and construction of major roads for national and regional connectivity.
- Urban & Rural Roads – Development of roads to improve access and mobility in both urban and remote areas.
- Road Rehabilitation & Maintenance – Repairing and upgrading existing roads for durability and efficiency.
- Bridges & Culverts – Building critical structures to enhance accessibility and manage water flow.
- Parking Lots & Pavements – Constructing modern parking areas and pedestrian walkways.
- Drainage Systems & Earthworks – Implementing solutions for flood control and site preparation.

## Water Works & Sewerage Services

- Water Supply & Distribution – Installation of pipelines, boreholes, and pumping stations.
- Sewerage & Wastewater Management – Construction of sewer lines, septic systems, and treatment plants.
- Drainage & Flood Control – Implementation of stormwater drainage systems.
- Dams & Irrigation Systems – Development of water retention structures for agriculture and domestic use.

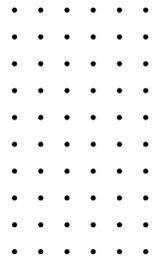

# Water Works

# BUSINESS OVERVIEW

## A. Partners

We collaborate with:

- Government Agencies – KeNHA, KURA, KeRRA, NCA, County Governments.
- Private Sector Clients – Real estate developers, industries, and multinational corporations.
- Financial Institutions & Donor Organizations – Banks and infrastructure investment firms.
- Suppliers & Technology Providers – Leading suppliers of construction materials and equipment.

## B. Distribution Channels

We deliver our services through:

- Government Contracts – National and county government infrastructure projects.
- Private Sector Engagements – Construction services for developers and corporations.
- Public-Private Partnerships (PPPs) – Collaboration with investors for large-scale projects.
- Subcontracting & Joint Ventures – Partnering with firms for complex projects.
- Infrastructure Maintenance Contracts – Long-term service agreements..

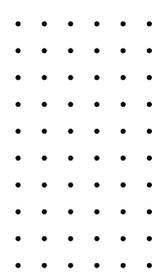

## COMPANY VALUES

Our core values guide our operations and commitment to excellence:

- Integrity – Conducting business with honesty, transparency, and accountability.
- Quality Excellence – Delivering infrastructure that meets the highest engineering and safety standards.
- Innovation – Embracing modern construction techniques and technologies.
- Sustainability – Implementing environmentally responsible construction practices.
- Customer Focus – Prioritizing client satisfaction through tailored solutions and timely delivery.
- Safety – Ensuring a secure work environment for our team and the public.

# CERTIFICATIONS

Nuress is fully registered and licensed to operate in Kenya's road construction industry, ensuring compliance with all legal and regulatory requirements. Our certifications include:

- National Construction Authority (NCA) Registration – We are registered and licensed under the National Construction Authority (NCA), which authorizes us to undertake road construction projects in Kenya. Our classification under the NCA ensures we meet the required technical, financial, and safety standards.
- Access to Government Procurement Opportunities (AGPO) Certification – We are a registered contractor under the AGPO program, allowing us to participate in government tenders reserved for youth, women, and persons with disabilities, in line with Kenya's economic empowerment policies.
- Kenya Revenue Authority (KRA) Compliance – We hold a valid Tax Compliance Certificate, confirming adherence to all tax obligations.
- National Environment Management Authority (NEMA) Compliance – Our projects align with environmental impact assessment (EIA) regulations to ensure sustainability and environmental protection.

By maintaining these certifications and registrations, we guarantee compliance with national regulations and industry best practices, reinforcing our position as a trusted road construction company in Kenya.

# EQUIPMENT & MACHINERY

At Nuress, we utilize state-of-the-art construction equipment to ensure efficiency, precision, and high-quality project execution. Our well-maintained fleet of machinery and tools allows us to handle projects of varying scales, from road construction to water works and sewerage systems.

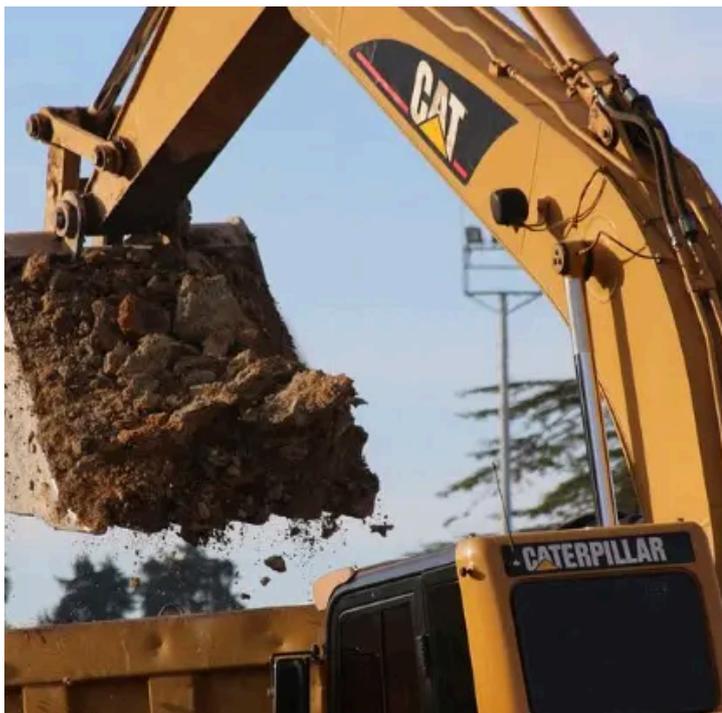

Our Equipment Include:

- Road Construction Machinery – Graders, bulldozers, excavators, and compactors for land preparation and road building.
- Asphalt & Concrete Equipment – Asphalt pavers, batching plants, and concrete mixers for durable road surfacing.
- Earthmoving & Excavation Equipment – Backhoes, trenchers, and loaders for site excavation and drainage installation.
- Water & Sewerage Equipment – Water tankers, pipe-laying machines, dewatering pumps, and trenchless drilling tools.
- Transport & Haulage Vehicles – Dump trucks, low-bed trailers, and tankers for material and equipment transport.
- Survey & Quality Control Equipment – GPS surveying tools, total stations, and soil testing machines for accuracy in project execution.

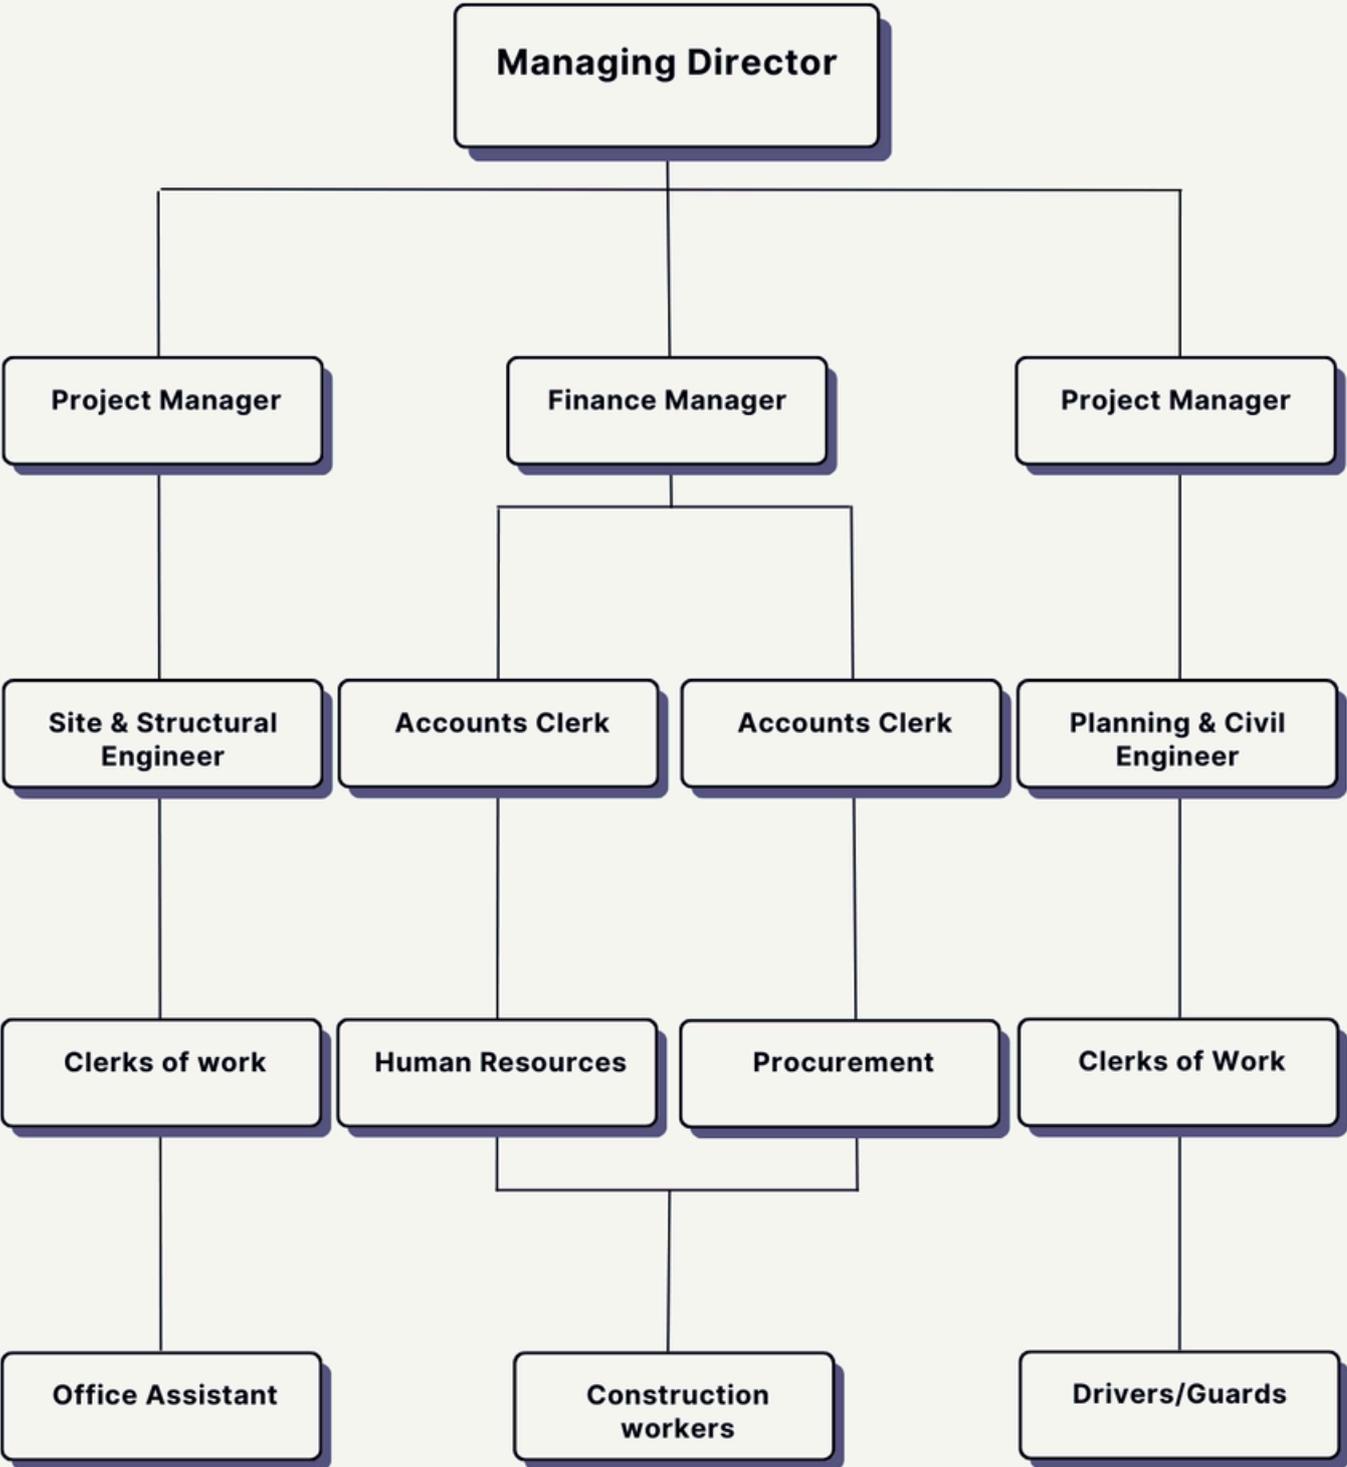

Our investment in modern equipment enhances productivity, ensures compliance with industry standards, and guarantees the timely delivery of projects.

# Construction

# ORGANIZATION CHART

# OUR MANAGEMENT TEAM

Our leadership team consists of seasoned professionals with extensive experience in construction, engineering, project management, and business development. Led by our directors, the team is dedicated to delivering excellence, innovation, and customer satisfaction.

## Key Team Members:

- CEO/Managing Directors – Overall strategic leadership and business growth.
- Project Manager – Oversees project execution, quality control, and timelines.
- Engineering Team – Leads technical design, construction planning, and safety compliance.
- Finance & Procurement Lead – Manages budgeting, financial planning, and resource allocation.
- Clerks of Works – Monitor construction progress, ensure adherence to designs, and oversee site quality control.

# QUALITY ASSURANCE

At Nuress, we uphold strict quality control measures to ensure excellence in all our projects. Our Quality Assurance (QA) Policy includes:

- Compliance with International & Local Standards – We adhere to ISO 9001:2015 Quality Management Systems and National Construction Authority (NCA) regulations.
- Use of High-Quality Materials – All construction materials are sourced from certified suppliers to guarantee durability and safety.
- Skilled Workforce & Continuous Training – Our engineers, technicians, and site workers undergo regular training to enhance efficiency and compliance.
- Advanced Construction Technology – We incorporate modern techniques such as automated road paving, GIS mapping, and eco-friendly drainage systems.
- Regular Quality Audits & Inspections – We conduct periodic inspections to ensure that all projects meet the highest standards.

# HEALTH & SAFETY

Safety is a top priority at Nuress. We have implemented a comprehensive Occupational Health & Safety (OHS) program to safeguard our workers, clients, and the public.

Our OHS Policy includes:

- Compliance with OSHA Regulations – We adhere to Kenya’s Occupational Safety and Health Act (OSHA), 2007 and global safety standards.
- Personal Protective Equipment (PPE) – Mandatory use of safety gear including helmets, gloves, reflective jackets, and steel-toe boots.
- Safety Training & Emergency Preparedness – Regular training sessions on workplace hazards, fire safety, and first aid.
- Site Safety Inspections – Routine checks to ensure a hazard-free working environment.
- Environmental & Waste Management – Proper disposal of construction waste and mitigation of environmental risks.

### TERMS & CONDITIONS

This licence is issued under section 12 of the Act subject to the following terms and conditions: -

1. Compliance with the provisions of the Nairobi City County Trade Licensing Act and any other legislation relevant to the trade.
2. This licence is not transferable.
3. Where a business is carried on in or from more than one premise, the business carried on in or from each premise is deemed to be separated business and as such a separate license is required;
4. The licence holder must notify the Director of any changes in the nature of trade, directorship or ownership of the business, location of business or cessation of trade.
5. The licence is a Nairobi City County Government property and must be displayed in a conspicuous place within the business premises and the licence holder must produce the licence whenever an authorized officer requires him or her.
6. The owner of the business should not sell/display their goods outside their licensed premises.
7. A person who forges or alters a licence without authority commits an offence and shall be liable on conviction to a fine not exceeding Kenya shillings fifty thousand or to imprisonment for a term not exceeding three months, or both.
8. A person who fails or neglects to renew a licence as required and continues to operate the business or trade commits an offence and shall be liable on conviction to a fine not exceeding Kenya shillings fifty thousand or to imprisonment for a term not exceeding three months, or both.
9. Granting of this License does not legitimise any illegal activity including occupation of a county road reserve or any prohibited area.
10. Under this license, it shall be the duty of every occupier, or owner or agent of a house, or other premise to clean or cause to be cleaned ten meters radius around his or her house or other premises or any area otherwise in his or her control
11. The licence holder shall ensure that appropriate safety measures are in place to mitigate fire and other hazards.
12. The licensed business shall only be conducted in full compliance with National and County health and safety laws and regulations.
13. The licensed business shall submit to periodic inspections for compliance with applicable standards, regulations and laws.
14. The licence holder shall comply with any other condition or directive as shall be necessary for purposes of health, hygiene and safety.
15. Subject to compliance to provided signage dimensions, siting & location requirements as per Outdoor Advertising & Signages policy (2015), NCG Advertising Act (2018) & PLUPA (2019).

## **CAREER OBJECTIVE**

---

A passionate Engineering Construction and Dispute Resolution professional with specific training and experience in Contract Administration and Management. I am specifically trained in FIDIC Conditions of Contract, Construction Law, Dispute Avoidance and Resolution, Claims Preparation and Evaluation, Tendering, and Procurement of Works. This is in addition to my training and experience in the Design and Supervision of Civil and Structural Engineering, Project Management, and Law. The objective is to efficiently manage construction projects and resolve construction-related disputes.

## **PROFILE**

---

I am a team player with over 15 years experience in civil and structural engineering projects. I have worked with multi-cultured teams diligently to achieve organizational goals. I am self-motivated with the ability to work under pressure and independently. Further, I am a member of the Engineers Board of Kenya, Institution of Engineers of Kenya, Law Society of Kenya, Chartered Institute of Arbitrators and Young African Leaders Initiative.

## **KEY COMPETENCIES**

---

- Project Management - Control of scope, cost, time, and quality within the project life cycle of ideation, conceptualization, feasibility, planning, execution, monitoring and evaluation, and closure. Optimize use of man, machine, materials and money.
- Scope Control - Design and Supervision of infrastructure projects - including roads, steel structures, drainage works, bridges, box culverts, flyovers, water supply, water treatment and parking systems. This entails production of the

projects' tender documents and supervising the works after a successful bid process.

- Construction Dispute Resolution where I combine my training and practice both as an Engineer and Arbitrator to effectively resolve various construction disputes.
- Project Risk Assessment and complimentary mitigation measures pertaining to cost, scope, quality, and time to ensure a win-win situation for all parties to the contract.
- Project Alternative Dispute Resolution Skills – Including negotiation, conciliation, mediation, adjudication, and arbitration to ensure the justiciable settlement of any dispute.

## **EDUCATION**

---

### **April 2021 Kenya School of Law**

Advocate Training Programme (Dip-KSL) – An eighteen-month program completed on 2nd November 2022 (Admitted to the Bar as an Advocate of the High Court of Kenya)

### **January 2017 – December 2020 – University of Nairobi**

Bachelor of Laws (LL.B) - This is a four-year evening program, graduated with Honours in December 2020.

### **October 2015 – September 2017 – Jomo Kenyatta (JKUAT) University**

Master of Science in Project Management (MSc.) - This was a two-year evening program. Coursework completed in 2017, thesis completed in 2019. Graduated with MSc in December 2020.

### **August 2003 – May 2009 – Masinde Muliro (MMUST) University**

Bachelor of Technology in Civil and Structural Engineering (B. Tech.) – A five-year degree program. Graduated with Honours in November 2009.

## **Short Courses**

### **APRIL 2024 - Jomo Kenyatta (JKUAT) University**

Environmental Impact Assessment and Environmental Audit

### **March 2024 - Chartered Institute of Arbitrators, CIArb**

Introduction to Domestic Arbitration

### **October 2023 – Africa Construction Law Academy, HKIA and Kings College London**
